## EDUCATION

2021 - 2024

UNIVERSITY OF YORK  
EUROPE CAMPUS

- Bachelor in Computer Science

Ongoing

UNIVERSITY OF DEBRECEN

- Masters in Computer Science

## SKILLS

- Java (Spring boot)
- Javascript (React)
- MySQL
- HTML, CSS
- MongoDB
- Express
- Python
- Git

## LANGUAGES

- English (Fluent)
- Albanian (Native)

## PROFILE

Motivated and adaptable computer science student with a passion for continuous learning and problem-solving. Known for a resilient approach to challenges and a commitment to delivering high-quality work. Consistently seeks opportunities to grow, both technically and personally, while contributing effectively to team efforts.

## WORK EXPERIENCE

- Developed and maintained web applications that facilitate real-time information sharing and service management
- Utilized Java (Spring Boot) for backend microservices, ensuring efficient data processing and scalable architecture
- Implemented dynamic frontend features using React, integrating with backend services through RESTful APIs.
- Managed and optimized databases using MySQL and MongoDB for effective data storage and retrieval.
- Utilized Docker and Kubernetes for deployment and scaling
- Lab Assistant for Object-Oriented Java
